

Product Group KBKZ1K

Universal coupling for direction-independent connection of cable chains with one plug receptacle

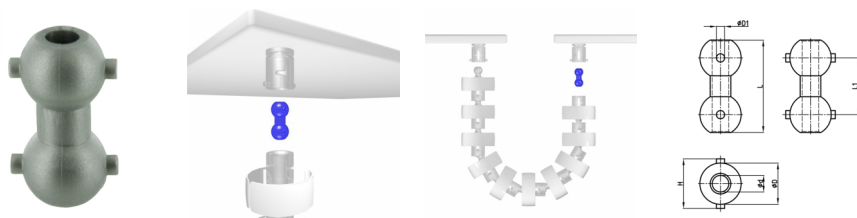

Standard Colours

- black
- white
- uncoloured-translucent
- silver

Material

- Polypropylene BionicQ®

Product information

- The universal coupling allows the direction-independent connection of almost all cable chain system components, if they stand with the "back to each other".
- Compatible with all cable guide systems and accessories with 1 connector socket.
- The center hole Ø 5 mm is used to guide the assembly rod KBKZ2A, the pull cord KBKZ2B or for fastening by a screw.
- Tool-free coupling to the cable chain
